## Vanity

'A man's vanity for himself is one of the enemies of his intelligence'- **Saying 212, Nahjul Balaghah**

'And when you see them, their persons will please you, and if they speak, you will listen to their speech; (they are) as if they were big pieces of wood clad with garments' -

**Munafiqoon: Verse 4**

When one is focused on himself, he cannot see beyond. His mind is occupied with selfcentered thoughts and his actions are geared towards glorifying himself. He reaches a stage where he cannot be rational in his thinking, and it is difficult to accurately understand any other perspective! It is a stage where the intelligence is replaced with egocentrism.

- Am I able to see beyond myself and see the need to learn from everything around me?
- Do I see the need to keep on learning because knowledge is light forever?
